

# LITE TOUCH

## DRIVE-IN

108"/135"/163"/216"

C.O.B. ALL-IN-ONE

Screen Mirroring | Interactive Meetings | Touch Control | COB Panel

### Superior picture quality, superb color performance

The Drive-in employs **Chip-On-Board** technology, saving energy while being gentle on the eyes. With RGB Ultra-High Definition and 1000000:1 contrast ratio, it delivers seamless color transitions and extraordinary image detail.

**1000000:1** CONTRAST RATIO

### All-in-one design, one display meets every need.

Built-in Android 11.0 AND Windows operating systems  
Octa-core processor  
Equipped with various input and output ports  
Dual-channel surround sound  
External cameras, microphones and other devices can be connected

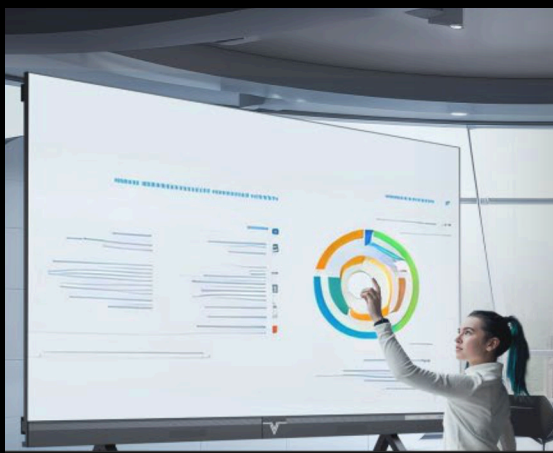

**FHD** **UHD** **16:9**

### Ultra-High Definition, immersive conference experience

Available in sizes: 108", 135", 163", 216"

### High-precision touch control, inspiration at your fingertips

Supports touch control using precise infrared touch technology. Touch accuracy of  $\pm 2\text{mm}$  ensures flexible and accurate interactivity, enabling natural and smooth writing for more convenient and efficient meetings.

# Versatile Collaboration and Control

## Built-in mirroring software

- Supports wireless screen mirroring for multiple platforms including Windows, Mac OS, iOS, and Android, displaying up to 16 screens simultaneously.
- Comes with a meeting whiteboard, video conferencing and other software, plus users can install additional apps as needed.

## Cast to and from your LiteTouch interactive panels to and from the Drive-in

Includes eShare Pro built-in for seamless casting and control of all LiteTouch Interactive panels and video walls. Share remotely via webcast from anywhere!

## Flexible installation, easy maintenance

- Supports wall mounting and mobile stand-mounting.
- Full front maintenance design allows for convenient installation and service.

Mobile stand-mounting

Wall mounting
